

Application Form
Biology Department's Summer Research

Name _____

Class _____

Telephone _____

PO Box _____

E-mail _____

I. After reading the handout giving brief descriptions of the upcoming Biology summer projects, please rank your level of interest in each of the projects with 1 being the highest and 5 being the lowest. If you are equally enthusiastic about multiple projects, you can give them the same rank number.

_____ Prairie Birds (GH)

_____ Helminth Vaccine Trial (JB)

_____ Dinosaurs (RN)

_____ Systemic Lupus Erythematosus (KS)

_____ Ants (BB)

_____ Mussels (GVA)

II. Academic Qualifications:

Cumulative GPA _____

List the biology and other science courses you have taken and the grade you received.

BIOLOGY COURSES	GRADE	OTHER SCIENCE COURSES	GRADE

III. Describe your other qualifications or previous experiences relevant to this research opportunity.

IV. Do you have other summer plans (summer school, May Seminar, etc)? If so, please list them.

Note: The summer research projects require a full-time commitment for 8-10 weeks. The faculty leader will determine the exact dates of each project.

V. In the space below write a paragraph describing why you would like to participate in the summer research program.
