Center for Ethical Leadership

The purpose of the Center for Ethical Leadership is to develop and enhance ethics-centered and values-based leadership for individuals and organizations through information programs and consultation.

Quality of leadership is a primary factor in the success or failure of any organization. Those in positions of leadership have a direct influence on the level of commitment, motivation and performance of their organization. They are continually in situations where their judgements and decisions impact others. Managers at all levels can improve their effectiveness in any organization by continually learning new leadership skills and practices.
