

**International Student
Address Reporting Form**

INS regulations require that international students keep the International Student Office aware of their current US physical address and of their international home address so this information can be updated in SEVIS. Please use this form to report your initial US physical address (Physical address means the place where you are residing – you cannot report only a PO Box) and to report any change in your permanent home address in your country. The International Student Office also uses this form to create a database so we can easily contact you.

Student Name _____

Concordia ID Number _____

US Address Section

Address _____

City _____ State _____ Zip _____
